**HIYÁM HOUSING**

**OVERVIEW:  
GLASS DESIGN**

>>> The Xwmech'sten Housing Project will feature culturally expressive designs on prominent locations across the project, including on the glass fronts of the balcony guardrails.

**Glass Design at  
Balconies**

## GLASS BALCONIES

>>> These glass guardrails extend across the north and south of the apartment building, presenting a large area that the artwork will be visible.

Balcony Glass  
Guardrails

# **GLASS BALCONIES - WORK BOOKLET**

**GLASS GUARDRAIL  
DESIGN**

>>> Guardrail artwork can be applied to the balcony either through the submission of a digital file, or by hand illustrating a design in the area highlighted below.

**GLASS GUARDRAIL  
DESIGN**

>>> How does this design layout across all levels of the building? Please label each glass panel with the corresponding panel (A, B or C) to show how your design may be displayed across the balconies on all levels.

Please describe to us the meaning of the design that you have created:

Form area with a dotted border and seven horizontal lines for text entry.
